## COMPREHENSIVE SOLUTIONS FOR GOLD WHOLESALERS

Growth cannot be realized if you continue running your jewellery business using manual calculations. Ouro is specially designed for jewellery business and highly suitable for accounting & stock analysis.

# COMPREHENSIVE SOLUTIONS FOR GOLD WHOLESALERS

Ouro is probably the best jewellery wholesale solution available in the market. It's user-friendly features and reliability makes it the first choice of jewellers not only in India but outside India as well. The user interface gives a world-class experience and its design is eye-catching. Its ease of use ensures that a person without any computer background can also operate it like a professional and our online support ensures that you never face any problems and your business operates without any hurdles.

Ouro is the first choice of jewellers because of its reliability, dynamic interface, multi-user, and multi-branch capabilities. It gives the user the flexibility to use as per the need and requirement of business, besides sales. Ouro also takes care of inventories for metal, stones, customized pricing, offers, customers, etc. and above all, it is the most secure software available in the market.

The software allows easy updates and quick billing helps in saving time. Ouro has all the necessary features required for jewellery business i.e. jewellery management, Barcoding, customer management, Return & Repair, customer management, Stock management, Account management, and many more for running the business smoothly.

Choose your plan and connect your business with technology easily.

**1. Startup 2. Enterprise Pro 3. Enterprise Plus**
